

NEW

APM Auto SF6 Pump Back Module from EMT

A low cost solution for compliance with environmental SF6 regulations, works with existing SF6 analysers at a fraction of the cost of buying new equipment.

Are you considering changing your existing SF6 analyser to comply with new regulations on zero SF6 emissions?

Do you have a fleet of SF6 analysers (DILO, WIKA, COSA, GE units or others) which do not pump back measured SF6 after analysis?

Do you have problems sourcing SF6 capture and disposal vessels?

The APM Auto SF6 Pump Back Module is portable, self contained, efficient and simple to use, and allows you to keep your existing fleet of SF6 analysers as an asset WITHOUT the large capital cost associated with buying a new fleet of compliant pump back SF6 analysers.

Advantages of the APM Auto SF6 Pump Back Module:

- Designed for use with the Asserolyz-IR SF6 gas analyser and any other non pump back SF6 gas analysers
- Collects and stores measured SF6 gas after analysis
- Stored SF6 gas can be pumped back to any SF6 compartment or sample/waste vessel
- Optional Hose Vacuum Drying Function
- Fully portable operation. Works with or without AC supply for up to 50 pump backs
- Housed in a robust IP67 rated Peli case complete with lid organiser for accessories

Technical Specification

SF6 APM

External Dimensions	Length	Width	Depth
	430mm (16.9")	224mm (8.8")	341mm (13.4")
Case Type	Peli Case 1430		
IP Rating	IP67		
Weight	9.2Kg (20.2lbs)		
Battery	Operating Time	>8 hours	
	Charger Input	100-240V - 50/60Hz	
Accessories	Battery charger		
	Inlet regulator		
	Detachable black carrying strap		

Other Products in this Range

- Asserolyz-IR 3 Gas Analyser (SF6 Purity H2O and SO2)
- Zerowaste® SF6 Analyser (measurement of up to 11 gas parameters)
- Zerowaste® 3 Gas Analyser (SF6 Purity H2O and SO2)
- Smartfill SF6 Filling & Topping Up System
- Smartfill Continuous SF6 Top-Up Manager

Other New EMT Products

- Zerowaste® Moisture Perfect Hose Vacuum Drying Function
- Zerowaste® CMS SF6 Continuous Monitoring System
- Smartfill SmartWeigh®
